

Directions for Windows 10 wireless laptop printing:

- Go to <http://10.1.10.253:30044/clientlauncher/>
- To run the Print Client for a Windows environment, click the link [here](#)
- To run the Print Client on a Mac environment (Intel-only), click the link [here](#)
- Put the cursor where shown in the picture and select Open:
- Your next screen will look like this: Place the cursor on More Info do not click on Don't run as this will close the program.
- Your next selection is and choose Run anyway:
- Your last selection is Yes (see the cursor):

The LPT1 icon should show at the bottom of the taskbar and once it is there you are now ready to print. You will go through the same steps that you would if you were using one of Parlin Patron Computers. It will ask for you initials, tell you how much your job will cost, and tell you where the print release stations are located. You will go to the print release station where the printer and coin box are located.
